

LINCOLN VILLAGE SEWER HOOK-UP INFORMATION

A **permit** is required for each house to hook-up to the public sewer.

The total permit fee is \$2,100.00, which consists of the \$2,000.00 tapping fee and a \$100.00 inspection fee.

The Township is asking for a **deposit of \$600.00** when you apply for the permit. That is \$500.00 of the tapping fee and the \$100.00 inspection fee.

Any balance remaining on the \$2,000.00 must be paid within two (2) years.

You will be given the pink & yellow copies of the permit.

A Certified Plumber must do the hook-up and the work must be inspected.

Please call the Inspector, Scott Moran, at 610-637-1003 to schedule an inspection.

Once the inspection passes, the inspector will bring the pink copy of the permit to the Township Office and the new user will be activated. You keep the yellow copy for your records.

If you have any questions, please call the Township Office (610) 932-8150.
